

Rhythm Exercises – 9.2

We will apply what we learned back in exercise 2.4. Now, let's recap.

4/4 is 4 beats in one measure.

3/4 is 3 beats in one measure.

and 2/4 is 2 beats in one measure.

Now, let's put what we learned back in exercise 2.4 with the rhythm values we learned in this lesson. See the chart below to know how many beats a note value is worth.

4/4 | 1 2 3 4 | **3/4** | 1 2 3 |

2/4 | 1 2 |

1 2 3 4 1 2 3 4 1 2 3 4 1 AND 2 AND 3 AND 4 AND

4/4 |  |  |  |  |

The next exercises has all of the notes but not all of the beats are labeled. Fill in the beats for all of the note values.

1 2 3 4 1 2 3 4 1 2 3 4 1 2 3 4

4/4 |  |  |  |  |
